

The Patriot™ Series 45 A.C.P.

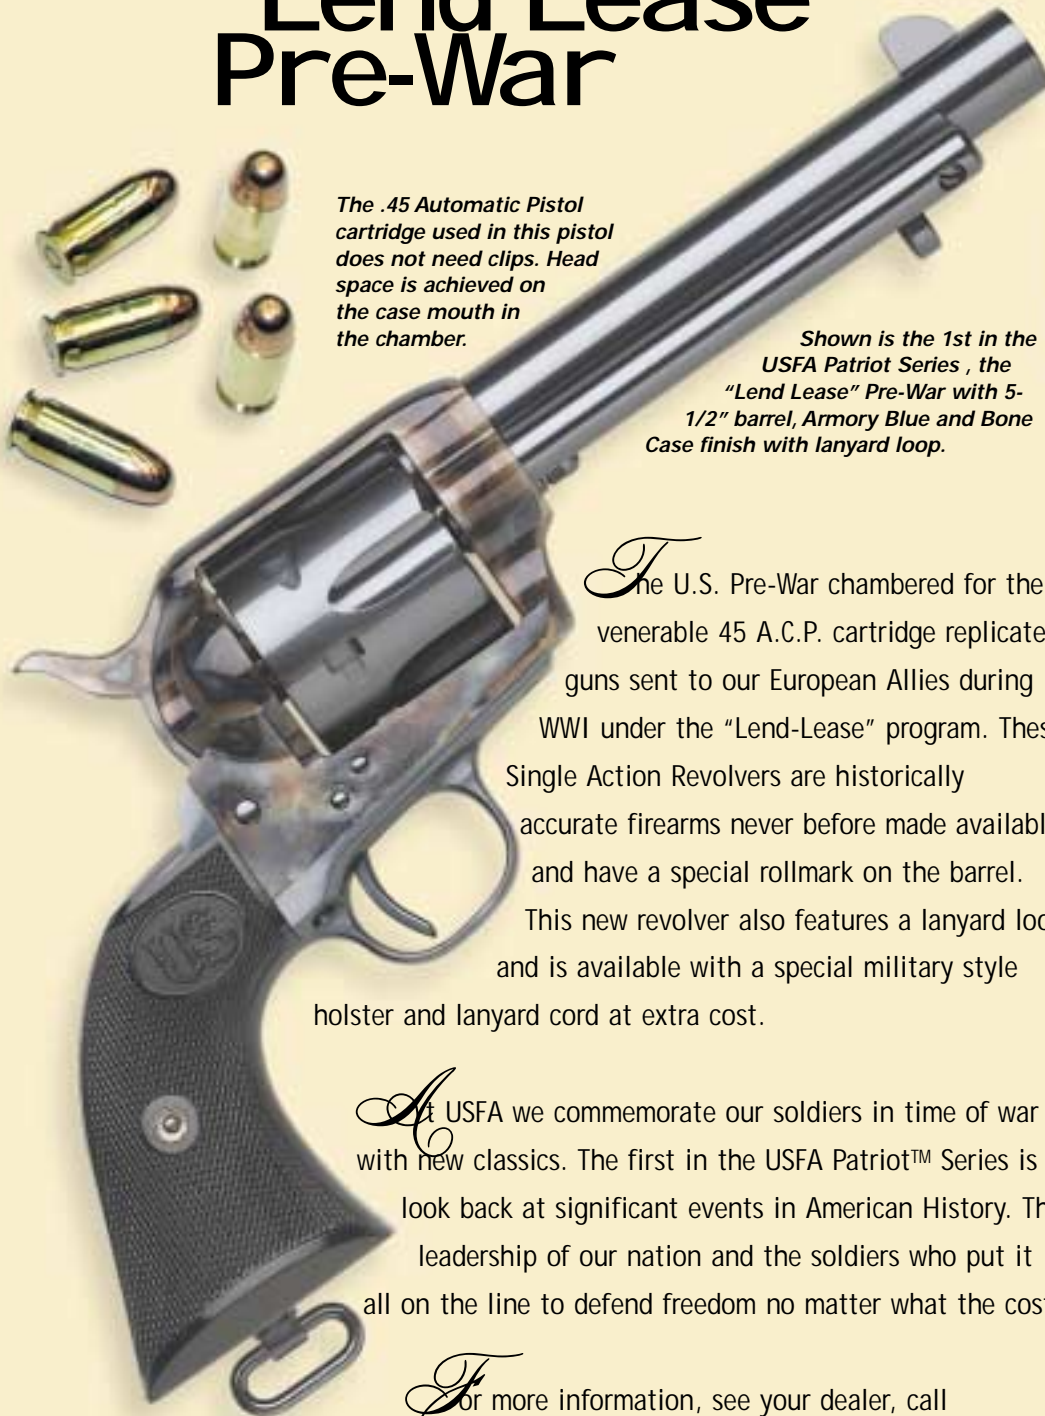

☆ 100% American Made ☆

The .45 A.C.P. "Lend Lease" Pre-War

The .45 Automatic Pistol cartridge used in this pistol does not need clips. Head space is achieved on the case mouth in the chamber.

Shown is the 1st in the USFA Patriot Series, the "Lend Lease" Pre-War with 5-1/2" barrel, Armory Blue and Bone Case finish with lanyard loop.

The U.S. Pre-War chambered for the venerable 45 A.C.P. cartridge replicates guns sent to our European Allies during WWI under the "Lend-Lease" program. These Single Action Revolvers are historically accurate firearms never before made available and have a special rollmark on the barrel. This new revolver also features a lanyard loop and is available with a special military style holster and lanyard cord at extra cost.

At USFA we commemorate our soldiers in time of war with new classics. The first in the USFA Patriot™ Series is a look back at significant events in American History. The leadership of our nation and the soldiers who put it all on the line to defend freedom no matter what the cost.

For historical accuracy, all U. S. Fire Arms revolvers use a solid firing pin. Always keep the hammer down on an empty chamber for safety.
